

MATIGNON HIGH SCHOOL

Financial Aid & Scholarship: Our Narrative

Matignon High School is committed to making a Catholic, college preparatory education accessible to deserving and worthy students. In this pursuit, Matignon offers merit and need based scholarships, and financial aid to all students. Merit scholarships are based on individual student scores on the high school placement test (HSPT), prior academic performance, and admissions application. Need based scholarships and financial aid awards are determined based on families' income and financial disposition.

Matignon encourages all families to submit a Financial Needs Assessment Form through FACTS Tuition Management System. The FACTS Financial Needs Assessment Form is completed online and the link can be found on Matignon's website (www.matignon.org) under the Admissions tab. The form requires the input of general family contact and demographic information, income information from prior year tax returns, W-2 forms, and monthly expense information. The needs assessment takes about an hour to complete. Matignon staff are happy to assist families with computer and internet access, and with the completion of the needs assessment.

The FACTS Financial Needs Assessment Form is required to be considered for any type of financial assistance. This includes merit and need based scholarships, and financial aid awards. All families are strongly encouraged to apply by December 14, 2016 for priority review by the Scholarship and Financial Aid Committee. Students and families who apply by this date will be notified of scholarship or financial aid awards with their admissions acceptance letter.

Matignon strives to make the enrollment process straightforward, transparent, and efficient for Matignon families. Please do not hesitate to contact Admissions or the Business Office if you have any questions regarding scholarships, financial aid, or the FACTS application process.
