Choosing a High School that's best for YOU

The high school search system can seem daunting and overwhelming at first. It's important to understand that there is **no "one size fits all"** when it comes to the high school search process. What's important to one student and their family might be very different to another. We want to make sure that you have all the answers you need in order to make a **confident and informed decision**.

And, while we hope your student will apply and enroll at Matignon High School, we understand that students and families should explore all their educational options and choose the one that fits them. With that, we hope you find these newsletters useful in your search, no matter where your student ends up applying and enrolling.

Matignon competes in the Harvard-MIT Math Tournament

On Saturday, November 10, six students from Matignon competed in the **Harvard-MIT Math Tournament**. This was an incredible experience to interact and compete with students from across the globe.

The Harvard-MIT Mathematics Tournament is one of the largest and most prestigious high school competitions in the world. Each tournament draws close to 1000 students from around the globe, including top scorers at national and international olympiads. HMMT is entirely student-organized, by students at Harvard, MIT, and nearby schools, many of whom are HMMT alumni themselves.

SADD Spreads Safe Driving Awareness!

Last week, SADD (Students Against Destructive Decisions) participated in Toots for Treats! Members of SADD greeted students who arrived to school wearing

their seat-belts with candy. Students educated one another on the importance of wearing a seat-belt at all times.

SADD is a student run group that focuses on promoting awareness of high risk behaviors and encourages students to make safer life decisions. For more information about clubs offered at Matignon High School, click [HERE!](#)
